- Tools: HTML, CSS, JavaScript, node, express, sequelize, API's, ORM, DOM

EXPERIENCE

Fortitude Fitness, East Granby, CT

March 2014- June 2020

Owner - Connecticut based Training, health and fitness business with full scale facility located in East Hartford, CT. Business was converted to an in-home training provider and then, in response to the pandemic, transitioned to remote services in 2020, before closing in June.

Facility: Managed and oversaw business start-up activities including facility design and construction, hiring and training a staff of 2 trainers, and 2 hourly employees and establishing and implementing monthly growth and sales goals.

In-Home: Initiated the transition from a physical facility to training in-home whereby trainer would bring equipment to the client's home for scheduled training sessions. Service also included an assessment of client's needs and the design and workout programs to address the client's specific needs.

Remote: Transitioned to full online training delivery in response to Covid-19 pandemic regulations requiring the creation of online training, group classes, and social media campaigns.
